## 18,000 lb HEAVY DUTY MOBILE COLUMN LIFTING SYSTEM

Each column is capable of lifting 18,000 lbs. In a tandem of 4, that means 72,000 pounds of lifting capacity!

Model #  
HSC18K

OPTIONAL hand held remote

OPTIONAL 20,000 lb jack stand

### Features:

- ◆ Easy to use master controller for individual or paired synchronized operation.
- ◆ Siemens PLC and Electro-Optical encoder provide continuous synchronization of all columns
- ◆ Adjustable lifting forks accommodate the widest range of wheels
- ◆ Easily positioned with pallet jack style wheel
- ◆ Heavy-duty hydraulic system and large carriage bearings provide durable, fast and easy lifting
- ◆ Horseshoe wiring design allows vehicle to be positioned without disconnecting cables
- ◆ LCD screen with keyboard offers easy to read visuals of settings and lifting height
- ◆ Independent mechanical locking system and emergency switch on each column provide highest safety assurance

### Specifications

### HSC18K
