HEAVY DUTY PERFORMANCE

Engineered for high-volume tire shops handling everything from standard cars to heavy-duty SUVs. Featuring a 165 lb capacity, advanced laser indicators, and a rapid 5-7 second cycle time to maximize shop throughput.

IDEAL FOR:

- ✓ Commercial Tire Shops
- ✓ Dealership Service Centers
- ✓ Fleet Maintenance Facilities

SYSTEM FEATURES

Intuitive LED Interface

LED touch-panel keypad with easy-to-read icons. Features auto measurement input for distance & diameter with a retractable Acquisition Wand.

Precision Illumination

Laser Indicator and internal Light Indicator automatically illuminate at the exact unbalance weight position for flawless accuracy.

Advanced Operation

Foot Pedal Braking System conveniently secures the wheel, while the Speed-Nut Mounting easily secures the wheel to the spindle.

Optimized Storage

Multi-Pocket Wheel Weight Shelf featuring 14 articulated pockets (over 1.5" deep) allowing plenty of storage for weights & tooling.

5-7 Second Cycle Time

5 Modes (inc. 2 ALU Smart)

4 Cones (1-3/4" to 6-1/8")

Motorcycle & SUV Modes

Hidden Weight & Tire Matching

Power Saving Stand-by Mode

DISTRIBUTOR PROGRAM

We are looking for distributors and installers in Canada and the USA. Contact us for details.
